## PTX Flavor Enhancer PM Specification Sheet

**DESCRIPTION:** PTX FLAVOR ENHANCER PM is a natural, nonallergenic, versatile ingredient that is suitable in a wide variety of applications, ranging from savory to confections, sweet goods and even beverages. Cream to golden-tan spray dried powder. Examples of some of the enhancing characteristics are:

- Imparts and enhances savory flavor.
- Enhances spicy, hot flavor notes, especially in sauce and condiments.
- Imparts and enhances salty flavor with a very low sodium content.
- Provides a "full, rich mouth-feel" in chocolate confections, fillings, frostings, puddings, etc.
- Provides full, rich mouth-feel and enhances roasted notes in peanut butter.
- Provides full, rich mouth-feel and enhances roasted notes in coffee beverages.
- Provides full, rich mouth-feel and generally enhances beverages, including nutritional drinks.
- There are additional health benefits such as high protein content (20%) and potassium content (>6000 mg). As previously mentioned, it has a low sodium content (It provides saltiness at higher usage levels with no added salt.)

**PACKAGING:** 50-pound polyethylene lined paper bags.

**SHELF LIFE:** 2 years under proper storage conditions.

**STORAGE:** Store in cool, dry warehouse where temperature does not exceed 80° F and relative humidity is no greater than 60%. Keep away from heat and light sources.

**LABEL:** USA LABEL: Vegetable Extract. (Processing Aid: Silica, to prevent caking and maltodextrin for drying.)

EUROPEAN LABEL: Flavouring Preparation or natural flavour, in accordance with European directive 88/388/EEC.

<b>MICROBIOLOGICAL:</b>	Total Plate Count	50,000/g max.	Coliform	10/g max.
